

ENHANCE

The Hurlingham Clinic and Spa Magazine Issue 2

An invitation to look fabulous at any age...

...some non-invasive procedures take years off

The Hurlingham Clinic & Spa would like to invite you to an open day on Wednesday 15 November from 10am to 3pm

Small changes make a big impact so act now

RSVP by phone to **020 7348 6380**
or email reception@hurlinghamclinic.com

Fantastic offers on treatments, gifts to take home, Champagne and canapés

- Experience the revolutionary, new generation Endermologie KM1 with intelligent programming to treat a wide range of connective tissue conditions, particularly cellulite, muscle strain and scar tissue. When exercise and diet won't work alone get your body back with KM1 and save £300 on a course of anti-cellulite treatments. Team up with Exercise Consultant Louise Maynard to find out how to get the best results from your treatments and how to have a firm, fabulous figure.
- Discover the latest procedure for looking great without going under the knife. Thread Lift is a minimally invasive rejuvenation method for the face and neck. Talk to Consultant Surgeon Roy Ng, a specialist in this technique.
- Try the new supercharged skin care range from our doctor and talk to him about the latest non surgical solutions to improve the appearance of lines and wrinkles.
- Meet The Style Doctors, the latest addition to the Hurlingham list of services. The Style Doctors will give you a short style consultation on what colours, trends and shapes you should be wearing to look and feel amazing this season. Receive a 10% reduction on their services.

Your smile says a lot about you if you let it...

The science of a perfect smile

When you are not confident about your teeth it is easy to hold back your smile. If you have always wanted a celebrity smile the Hurlingham Clinic & Spa has recently introduced cosmetic dentistry to its range of services.

Consultant Aesthetic Dentist, Stephen Bray DDS, is available for consultations on the following procedures.

Appearance dentistry – full mouth rejuvenation

Smile design, Aesthetic porcelain tooth veneers, inlays, onlays and crowns. Aesthetic dental implants and reconstruction.

Functional dentistry – oral and dental rehabilitation

Fixed and removable dental reconstruction options. Bridges and implant retained dentures. Neuromuscular dentistry and implants.

Dental imaging and diagnostics

3-D radiography, jaw telemetry and computer-aided oral diagnostics.

Dental and facial aesthetics

Tooth whitening and non surgical face and smile lifts.

Jaw joint and muscle pain (TMD) intervention

Preventative dentistry and long term oral health maintenance

So what's standing between you and a spectacular smile?
